

Magic

With words you can dream
In words you can swim
You can jump up and down
and go here and there
and straight ahead
and - - bong!
make a song
Satisfy your desire
for freedom and happiness
You can step on those who suppress
and aid those in distress

Hip and hop and
trallallalla
Tell me then
what with words you can not do
Hip and hop and
trallalallalla
From now all shall be well
I run ahead
and you follow
If you like my words
then you can just say.
